

Thank you for joining the Optum CE webinar:

Mandatory Insurer Reporting

- The webinar will begin at 2:00 p.m. ET
- All attendees are in listen-only mode
- Audio is only available through your computer audio. No dial-in number is available
- If others in your office want to join the webinar, have them register at <http://www.workcompauto.optum.com/resources/continuing-education> (**Do not share your link with others. It is unique to you.**)
- **CE credits are only available for those who qualify during the LIVE version of this webinar held from 2:00-3:00 p.m. ET on 4/24/2019.**

On24 System Requirements:

- Windows 7+ (Microsoft Edge, Latest Internet Explorer, Firefox, or Chrome)
- Apple Mac OS 10.10+ (*Latest Firefox, Safari, or Chrome)
- Android 6.x (Chrome Browser Only)
- Apple iOS (*Latest version, Safari Browser Only)

* Official support for the "latest" version of a newly released browser, among those noted above, will be added within 8 weeks of public release. Until then, the previous version will continue to be supported instead.

If you are using an unsupported version of a Windows, Mac, or Linux operating system, you may experience difficulty in viewing and/or listening to the event.

Mandatory Insurer Reporting

April 24, 2019

If you have any questions regarding your continuing education credits received from Optum webinars, please contact rosters@ceuinstitute.net.

This course has been approved for 1-hour of CE for the following license types: Pre-approved Adjuster (AK, AL, CA, DE, FL, GA, ID, IN, MS, NC, NH, NM, NV, OK, OR, TX, UT, WY); National Certified Case Manager (CCM); National Nurse; Certified Disability Management Specialists (CDMS); Certified Rehabilitation Counselor (CRC); and Certified Medicare Secondary Payer (CMSP) for CE accreditation. For states that do not require prior approval, the adjuster is responsible for submitting their attendance certificate to the appropriate state agency to determine if continuing education credits can be applied.

Note: KY & LA are still pending approval

Administrative details

To receive continuing education credit

1. Remain logged on for the entire webinar.

To receive continuing education credit

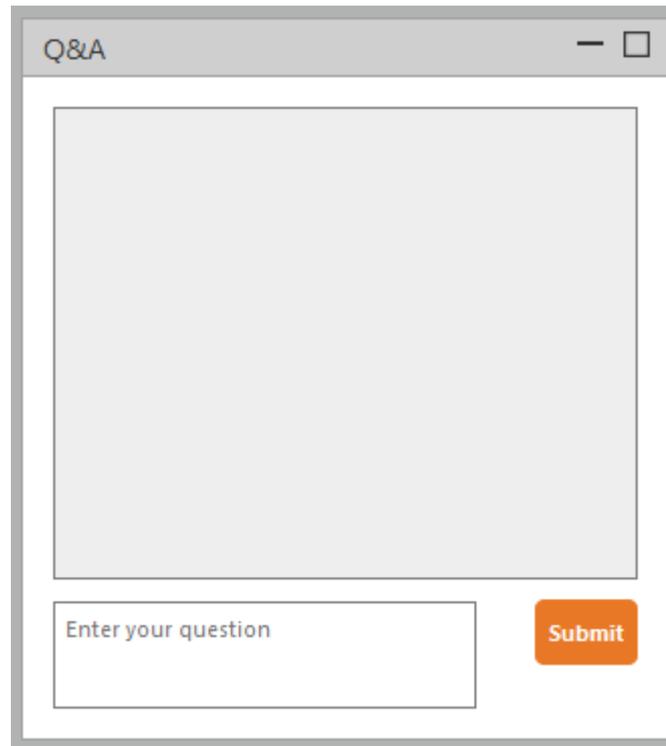

1. Remain logged on for the entire webinar.
2. Answer **all three** poll questions.

To receive continuing education credit

1. Remain logged on for the entire webinar.
2. Answer all three poll questions.
3. You will receive an email from the CEU Institute on our behalf approximately 24 hours after the webinar. This email will contain a link that you will use to submit for your CE credits. **You will need to complete this task within 72 hours.**

Ask a question

Questions will be answered at the end of the presentation as time allows.

A window titled "Q&A" with a gray header bar containing a minus sign and a square icon. The main area is a large, empty gray rectangle. At the bottom, there is a white input field with the placeholder text "Enter your question" and an orange "Submit" button to its right.

Technical issues?

Let us know if you experience an issue that causes you to:

- Miss a poll question
- Have audio problems
- Log out
- Any other technical issue

Send a message using the webinar controls question panel or email ceprogram@optum.com

The sooner we know about an issue, the faster we can take the steps needed to make sure you get the continuing education credits you require.

Disclosure

No planner, presenter or content expert has a conflicting interest affecting the delivery of this continuing education activity. Optum does not receive any commercial advantage nor financial remittance through the provided continuing education activities.

RULES ON CIVIL MONETARY PENALTIES

Rules on civil monetary penalties

- In December 2018, CMS announced it will move forward with a **Notice of Proposed Rulemaking (NPRM) on Civil Monetary Penalties (CMPs) and Medicare Secondary Payer Requirements**
- The **Strengthening Medicare and Repaying Taxpayers Act of 2012 (SMART Act)** requires CMS to establish criteria and practices to impose CMPs
- This is a “significant” priority; the NPRM will be issued by **September 2019**
- It is anticipated that the NPRM will include **safe harbors for Responsible Reporting Entities (RREs)**, which can evidence good faith efforts to properly and timely report mandatory information

RREs will likely be subject to CMPs when they have failed or made mistakes in doing the following:

- Register as an RRE
- Report an otherwise reportable claim
- Report Ongoing Responsibility for Medical (ORM)
- Report termination of ORM
- Report appropriate ICD code(s) related to the claim
- Report Total Payment Obligation to Claimant (TPOC)

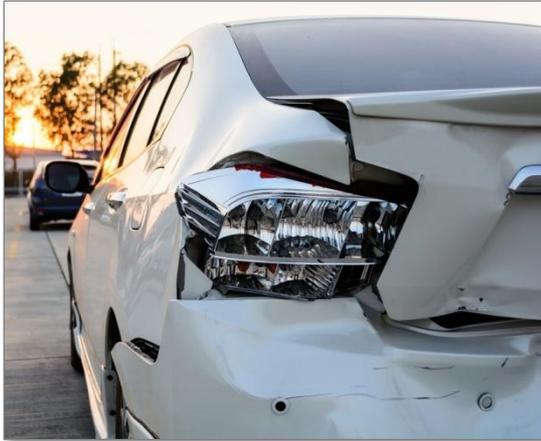

**MEDICARE
SECONDARY
PAYER ACT**

42 U.S.C. § 1395y(b) and 42 C.F.R. § Part 411 are the applicable statutory and regulatory provisions

- Medicare has been secondary to workers' compensation benefits from the inception of the Medicare program in 1965.
- The liability insurance (including self-insurance) and no-fault insurance MSP provisions became effective December 5, 1980.
- The Act has been amended several times, including by the MMSEA Section 111 mandatory reporting requirements in 2007.

Pursuant to 42 C.F.R.

Liability Insurance
411.50

No-Fault Insurance
Part 411.50

Workers' Compensation Law or Plan
Part 411.40

Liability Insurance (includes self insurance)

- Coverage that indemnifies or pays on behalf of the policyholder or self-insured entity against claims for negligence, inappropriate action, or inaction, which results in injury or illness to an individual or damage to property.
- Includes, but is not limited to:
 - Homeowners' liability insurance
 - Automobile liability insurance
 - Product liability insurance
 - Malpractice liability insurance
 - Uninsured motorist liability insurance
 - Underinsured motorist liability insurance

Pursuant to 42 C.F.R.

Liability Insurance
411.50

No-Fault Insurance
Part 411.50

Workers' Compensation Law or Plan
Part 411.40

No-Fault Insurance

- Pays for health care services resulting from injury to an individual or damage to property in an accident, regardless of who is at fault for causing the accident.
- Types include, but are not limited to:
 - Certain forms of automobile insurance
 - Certain homeowners' insurance
 - Commercial insurance plans
 - Medical Payments Coverage/Personal Injury Protection/Medical Expense Coverage

Pursuant to 42 C.F.R.

Liability Insurance
411.50

No-Fault Insurance
Part 411.50

Workers' Compensation Law or Plan
Part 411.40

Workers' Compensation Law or Plan

- A law or program administered by a State (defined to include commonwealths, territories, and possessions of the United States) or the United States to provide compensation to workers for work-related injuries and/or illnesses.
- Includes a similar compensation plan established by an employer that is funded by such employer directly, or indirectly through an insurer, to provide compensation to a worker of such employer for a work-related injury or illness.

**ADMINISTRATIVE
GUIDANCE**

The NGHP User Guide

- Primary source for Section 111 reporting requirements
- Documents the Medicare Secondary Payer (MSP) Non-Group Health Plan (NGHP) reporting requirements mandated by Section 111 of the Medicare Medicaid and SCHIP Extension Act of 2007 (MMSEA) (P.L. 110-173)

MMSEA Section 111 Medicare Secondary Payer Mandatory Reporting

Liability Insurance (Including Self-Insurance), No-Fault and Workers' Compensation USER GUIDE

Section 111 NGHP User Guide

Chapter 1: Summary of Version 4.7 Updates

Chapter 1: Summary of Version 4.7 Updates

The updates listed below have been made to the Registration Procedures Chapter Version 4.7 of the NGHP User Guide. As indicated on prior Section 111 NGHP Town Hall teleconferences, the Centers for Medicare & Medicaid Services (CMS) continue to review reporting requirements and will post any applicable updates in the form of revisions to Alerts and the User Guide as necessary.

The following updates were made to Chapter II for this release:

- CMS had previously used a workaround to allow responsible reporting entities (RREs) to submit third-party administrator (TPA) information on the TIN Reference File. This workaround has now been eliminated, and a permanent solution allows RREs to submit recovery agent name and contact information in dedicated fields.
- For Chapter II for this release, the term "TPA" (third-party administrator) with "recovery agent" (Table 4-2).
- In addition, the URL for accessing the Section 111 User Guide on the CMS Website (COBSW) has been changed to:

Section 111 NGHP User Guide

Chapter 3: Process Overview

Chapter 3: Process Overview

Purpose: The purpose of the Section 111 MSP reporting process is to enable CMS to pay appropriately for Medicare covered items and services furnished to Medicare beneficiaries. Section 111 reporting helps CMS determine primary versus secondary payer responsibility—that is, which health insurer pays first, which pays second, and so on. A more detailed explanation of Section 111 related legislation, MSP rules, and the structure of the Section 111 reporting process is provided in the NGHP User Guide Policy Guidance Chapter.

Section 111 RREs: Entities responsible for complying with Section 111 are referred to as Responsible Reporting Entities, or "RREs". Section 111 requires RREs to submit information specified by the Secretary of Health and Human Services (HHS) in a form and manner (including frequency) specified by the Secretary. The Secretary requires data for both Medicare claims processing and for MSP recovery actions (where applicable). Section 111 reporting, RREs are required to submit data electronically on liability compensation data submission agents, and the CMS requires the technical details of the RREs.

Chapter 2: Introduction

Section 111 NGHP User Guide

Chapter 2: Introduction

The Liability Insurance (including Self-Insurance), No-Fault Insurance, and Workers' Compensation User Guide has been written for use by all Section 111 liability insurance (including self-insurance), no-fault insurance, and workers' compensation Responsible Reporting Entities (RREs). The five chapters of the User Guide—referred to collectively as the "Section 111 NGHP User Guide"—provides information and instructions for the MSP NGHP reporting requirements mandated by Section 111.

This **Registration Procedures Chapter** of the MMSEA Section 111 NGHP User Guide provides detailed information on the Section 111 registration process including the purpose of registering, the registration and account setup requirements, registration timeframes, the five steps of the Section 111 registration and account set up, and information on the steps Responsible Reporting Entities (RREs) must take if changes occur after their initial Section 111 registration is completed. The other four chapters of the NGHP User Guide: Introduction and Overview, Policy Guidance, Technical Information, and Appendices should be referenced as needed, for applicable guidance.

Please note that the CMS will continue to implement the Section 111 requirements in phases. New versions of the Section 111 User Guide will be issued when necessary to document revised requirements and when additional information has been added for certain information that can be found on the Section 111 website:

- Document revisions that are dated subsequent to the date of the currently published version of the User Guide. All updated information will be incorporated into the current User Guide.

The NGHP User Guide is made up of five chapters:

- Chapter 1- Introduction and Overview
- Chapter 2- Registration Procedures
- Chapter 3- Policy Guidance
- Chapter 4- Technical Information, and
- Chapter 5- Appendices

MANDATORY INSURER REPORTING

WHO MUST REPORT

- An applicable plan
- The term “applicable plan” means the following laws, plans, or other arrangements, including the fiduciary or administrator for such law, plan, or arrangement:
 - (i) Liability insurance (including self-insurance)
 - (ii) No-fault insurance
 - (iii) Workers' compensation laws or plans
- See 42 U.S.C. 1395y(b)(8)(F)

WHAT MUST BE REPORTED

- The identity of a Medicare beneficiary whose illness, injury, incident, or accident was at issue
- Such other information specified by the Secretary of Health and Human Services (HHS) to enable an appropriate determination concerning coordination of benefits, including any applicable recovery claim
- Data elements determined by the Secretary

WHEN / HOW REPORTING MUST BE DONE

- In a form and manner, including frequency, specified by the Secretary
- Information shall be submitted within a time specified by the Secretary after the claim is addressed/resolved (through a settlement, judgment, award, or other payment, regardless of whether or not there is a determination or admission of liability)
- Submissions will be in an electronic format

PURPOSE

- To enable CMS to pay appropriately for Medicare covered items and services furnished to Medicare beneficiaries
- Helps CMS determine primary versus secondary payer responsibility

Entities responsible for complying with Section 111 are referred to as Responsible Reporting Entities (RREs)

- The Secretary requires data for both Medicare claims processing and for MSP recovery actions
- Data submission process takes place between the RREs, or their designated reporting agents, and the CMS Benefits Coordination & Recovery Center (BCRC)

CMS allows RREs to submit a query to the BCRC to determine the Medicare status of the injured party prior to submitting claim information for Section 111 reporting

The query record must contain the injured party's

- Social Security Number (SSN) or Health Insurance Claim Number (HICN) or Medicare Beneficiary Identifier (MBI)
- Name
- Date of birth
- Gender

Note: When submitting a SSN, RREs may enter a partial SSN (the last 5 digits of the SSN)

**REPORTING ORM,
TPOC AND ICD**

ONGOING RESPONSIBILITY FOR MEDICAL (ORM)

- Refers to the RRE's responsibility to pay for the injured party's (Medicare beneficiary's) medicals associated with the claim
- Often applies to no-fault and workers' compensation claims - may occur with liability insurance (including self-insurance)
- The trigger for reporting ORM is the assumption of ORM by the RRE
 - When the RRE has made a determination to assume responsibility for ORM, or is required to assume ORM
 - Not when (or after) the first payment for medicals has been made
- Medical payments do not have to be paid for ORM reporting to be required

REPORTING ORM

- Liability, No-fault, and Workers Compensation ORM that existed or exists on or after January 1, 2010 must be reported
- Workers' compensation ORM claims are excluded from reporting indefinitely if they meet *ALL* of the following criteria:
 - The claim is for “medicals only”
 - The associated “lost time” is no more than the number of days permitted by the applicable workers' compensation law for “medicals only” (or seven calendar days if applicable law has no such limit)
 - All payments have been made directly to the medical provider
 - Total payment for medicals does not exceed \$750.00

REPORTING ORM TERMINATION

- The RRE should report the date that ORM terminated and should NOT delete the record
- The termination date should not be submitted as long as the ORM is subject to reopening or otherwise subject to an additional request for payment
- Termination date should only be submitted if one of the following criteria has been met:
 - Where there is no practical likelihood of associated future medical treatment
 - Where the insurer's responsibility for ORM has been terminated under applicable state law
 - ORM associated with the insurance contract is terminated

TOTAL PAYMENT OBLIGATION TO CLAIMANT (TPOC)

- Refers to the dollar amount of a settlement, judgment, award, or other payment
- Generally reflects a “one-time” or “lump sum” settlement, judgment, award, or other payment intended to resolve a claim
- TPOC Date is the date the payment obligation was established:
 - The date the obligation is signed if there is a written agreement
 - If court approval is required, it is the date of court approval
 - If there is no written agreement, it is the date payment is issued

REPORTING ICD DIAGNOSIS CODES

- Where ORM is reported, RREs are to submit ICD codes for all alleged injuries/illnesses for which the RRE has assumed ORM
- When there is a TPOC, RREs are to submit ICD codes to reflect all the alleged illnesses/injuries claimed and/or released
- If an ICD diagnosis code previously submitted no longer applies to the claim, RREs may send an update transaction without that particular ICD diagnosis code, but must include all ICD diagnosis codes that still apply
- CMS encourages RREs to supply as many valid ICD diagnosis codes as possible for accurate coordination of benefits

**DISPOSITION,
COMPLIANCE, AND
ERROR CODES**

Disposition codes

'01' DISPOSITION

- Accepted by the BCRC as claims where the **RRE has indicated ORM.**
- The claim record does not need to be reported again until ORM ends.

'02' DISPOSITION CODE

- Accepted by the BCRC as claims where the injured party is a Medicare beneficiary during the time between the CMS Date of Incident
- TPOC Date and the **RRE has indicated No ORM**

'03' DISPOSITION CODE

- Found to be error-free and the injured party submitted was matched to a Medicare beneficiary
- **Medicare coverage dates are outside date of incident**
- **TPOC Date or the date ORM ended**

Compliance Codes/Flags provide the RRE notice that the submitted record was not in compliance with particular Section 111 reporting requirements

'01' COMPLIANCE FLAG

Indicates that the submitted **TPOC Date(s)** was not sent in time

'02' COMPLIANCE FLAG

Is a warning that **ICD-10-CM diagnosis codes are required** on all claim reports with a DOI of October 1, 2015 and subsequent dates

'03' COMPLIANCE FLAG

Happens if **ORM Termination Date** was not sent in time

Error codes

- When an error code is received related to a Claim Input File Detail Record and/or a TIN Reference File Detail Record, the corrected record(s) needs to be resubmitted on the next Quarterly Claim Input File submission.
- Error codes are prefaced with two letters followed by two numbers.

Error code begins with	Indicates
C	the error occurred in the Claim Input File
T	the error occurred in the TIN Reference File

Error Codes Description

Error code	Description
CB	Claim Beneficiary Information (CB01-CB11)
CC	Claim Claimant Information (CC01-CC74)
CI	Claim Injury Information (CI01-CI31)
CJ	Claim ORM or TPOC Information (CJ01-CJ07)
CP	Claim Plan Information (CP01-CP12)
CR	Claim Representative Information (CR01-CR94)
CS	Claim Self-Insurance Information (CS01-CS07)
CT	Claim Auxiliary TPOC Information (CT01-CT33)
SP	Errors returned by CWF (SP31-SP50)
TN	TIN Reference File Errors (TN01-TN36, TN99)

**CIVIL MONETARY
PENALTIES**

POTENTIAL CMP IN EARLY PROCESS

- Failure to register and set up account for each RRE
- Failure to appoint individuals who will be the RRE's Authorized Representative, Account Manager and Account Designees
- Failure to identify reporting agent, if one is used
- Failure to indicate how claim files will be submitted
- Failure to communicate which file transmission method will be used

POTENTIAL CMP TECHNICAL DIFFICULTIES

- Failure to review file specifications, have correct software to produce Section 111 files, and comply with quarterly submission process
- Failure to confirm information on annual profile report is correct/deactivation of RRE ID
- Failure to monitor file processing status and update passwords every 60 days

POTENTIAL CMP THROUGHOUT PROCESS

- Failure to correct discrepancies discovered in and alerted to in compliance flags
- Failure to correct mistakes discovered in and alerted to in 356 possible error codes dealing with:
 - Claim Information
 - Claimant Information
 - Injury Information
 - ORM or TPOC Information
 - Plan Information
 - Representative Information

Takeaways

- CMS announced it will issue NPRM on CMPs and MSP requirements in September 2019.
- It is anticipated that the NPRM will include safe harbors for RREs' good faith efforts to properly and timely report mandatory information.
- However, RREs will likely be subject to CMPs in scenarios where RREs have failed to or made mistakes in timely and accurately reporting mandatory information.

Thank you!

Questions?

You will receive an email from the CEU Institute on our behalf approximately 24 hours after the webinar. This email will contain a link that you will use to submit for your CE credits.

You must complete this task within 72 hours.
